SUMMARY

Whoever smelled it, dealt it. Against the terms of the Atalan's lease, Tarke, second-in-command and second-in-sexiness, remains determined to turn the crew into pirates with another great heist. Everyone is against the idea, but what do they know? They're couriers. When Tarke gets involved anyway and lands in a big mess, it's the Atalan crew that has to get her out. Soon, they're transporting the worst-smelling cheese in the galaxy, Limburger 9000 and remorseful buyers are refusing their repugnant impulse purchases. With the deliveries upside-down, it's gouda brie more than a bad day if they can't cut it. Tarke has put someone from Quaja's past in grave danger, and the evil galactic corporation is sharpening its steely knives. Lay down your cheddar to get a whiff of this spectacular Atalan Adventure brought to you by nose blindness, secret husbands, and a PowerPoint presentation with that star swipe transition.

ABOUT THE AUTHOR

RM Hamrick uses her engineering degree from Georgia Tech to repair her car every other month and to further break appliances before throwing them away. She lives in central Florida where alligators, armadillos, and Publixes roam freely. Like her, Hamrick's science fiction is short and stuffed with humor and heart. Find her at Linktr.ee/rmhamrick
