LOGLINE

For twenty years, my job was helping folks by putting right what was wrong, until the influential corporation got me outlawed. So, what was I thinking when I agreed to help a stranded 10-year-old girl who is hunted because of her special gift? With the full might of the well-funded corporation unleashed, space pirates in my way, armored mercenary commandos at every turn, and bounty hunters on my trail, I'd swear the galaxy itself is out to get me.

SUMMARY

Quick to right a wrong. Quicker on the draw. For twenty years, my job was helping folks by putting right what was wrong, until the influential corporation shut us down. Now I am outlawed and alone among the colony planets, playing the part of a space transport pilot. Being the last, I have a high price on my head. So, what was I thinking when I agreed to help a stranded 10-year-old girl? This girl is more than what she seems; she is hunted because of her special gift. Now the vile corporation will stop at nothing to steal her back and unlock her secret. Protecting her means confronting my past, which could be just as deadly, my very name attracts danger. With the full might of the well-funded corporation unleashed, space pirates in my way, armored mercenary commandos at every turn, and bounty hunters on my trail, I'd swear the galaxy itself is out to get me. It will take more than a miracle to survive, it will take The Last Wayfinder!

ABOUT THE AUTHOR

Award winning Science Fiction author Benjamin Boekweg writes stories with clean language, clean romance, and plenty of fun. He grew up watching Star Wars, Star Trek, the original Battlestar Galactica, Buck Rogers in the 25th Century, and Babylon 5. He currently lives in Utah, USA with his amazing wife and has two young children. Being an avid dreamer, he transitioned into writing science fiction rather naturally. Some of his most cherished moments are when his children ask him to read his books to them, and when they randomly quote his stories at meal time.

One of his favorite quotes is from Robert Kennedy, "Some men see things as they are, and say why. I dream of things that never were, and say why not."
