SUMMARY

Montor, the leading male in the romantic space opera series The Curse of Sotkari Ta, is an unlikely poet. His soul-crushing life as a soldier for the detestable Lostai forced him to put down the pen long ago. Now, inspired by love, he has returned to this secret passion. This book compiles some of his poems to reveal the various layers of his personality and his profound feelings for the woman who has stolen his heart. Content Disclosure: Although not erotica, this book features romantic and sensual themes that may not be appropriate for audiences under 18.

ABOUT THE AUTHOR

I am the author of a romantic space opera trilogy, its prequel, and a companion poetry book. I love to read books written by fellow indie authors of all genres, but my favorites are space opera and dystopian with a romantic subplot. I am currently working on Book One of a new space opera series.
