SUMMARY

Finalist in the 2024 Wishing Shelf Book Awards Finalist in the 19th Annual National Indie Excellence Awards When Daxia dreamed of questing beyond The Wall, she'd never imagined her sister's life would be on the line. With a deadline—emphasis on “dead”—of only a few months, Daxia must travel to a faraway island and find the cure for her sister's fatal illness. Daxia faces miles of shifting desert roads, carnivorous birds the size of horses, a forest rife with murderous plants and bandits, and an ocean restless with storms. If only her deathbed promise to her mother not to go alone hadn't saddled her with a gregarious and foolhardy questing partner. She isn't sure if he'll save her or be the death of them both. Time is against them as they race toward danger, their chances of triumph dwindling as they fight to survive.

ABOUT THE AUTHOR

I'm Jessica. I've written science fiction and fantasy novels, all with clean romance and a happily ever after. In fact, my next book has a little science fiction AND fantasy in it... along with a clean romance and happily ever after. I like to keep that part consistent.

All of my books are available on Amazon in e-book and paperback format. Please enjoy!
