SUMMARY

"I couldn't stop turning the pages for fear that I would miss a vital piece of information. The unpredictable plot twists and turns with every decision each character makes. The Skorath Prophecy will appeal to science fiction fans who enjoy stories where creativity rules over logic." – Stephanie Chapman for Readers' Favorite (Five Stars) "Hang the prophecy then! Are you not the most qualified man to win an impossible fight?" In command of a distant space station, war hero Jonathan Terynn wants to free his people from the galactic conquerors. Forming secret alliances, he conspires to revolt against the tyrannical Draconians. Hopelessly outmatched, Jonathan turns to an ancient prophecy that could bring them victory. What Jonathan didn't expect was reuniting with his long-lost love. Ellyra, the daughter of royalty on her planet, seeks to rekindle their romance. Jonathan soon discovers that Ellyra might be the very key to fulfilling the prophecy, but it would mean exploiting the woman he loves. When a political rival strikes hard, Jonathan's alliances begin to unravel. To save his crumbling conspiracy, he must make a desperate move. But now his relationship with Ellyra is strained as she fears she may only be a pawn in a political game. If Jonathan loses her, a broken heart will be the least of his worries; his people will be annihilated. Winner of Author Shout Top Pick 2024

ABOUT THE AUTHOR

Award winning Science Fiction author Benjamin Boekweg writes stories with clean language, clean romance, and plenty of fun. He grew up watching Star Wars, Star Trek, the original Battlestar Galactica, Buck Rogers in the 25th Century, and Babylon 5. He currently lives in Utah, USA with his amazing wife and has two young children. Being an avid dreamer, he transitioned into writing science fiction rather naturally. Some of his most cherished moments are when his children ask him to read his books to them, and when they randomly quote his stories at meal time.

One of his favorite quotes is from Robert Kennedy, "Some men see things as they are, and say why. I dream of things that never were, and say why not."
